

Expat Information Services Center in the World Trade Center Almere Area

Arriving and finding your way in a new country can be challenging. Arranging a house, banking and a school for the children can be time and energy consuming.

The Expat Information Services Center (EISC) helps you to settle in the Almere, Lelystad, Hilversum and Amersfoort region with a full range of services. Also the WTCAA focuses on the existing expat community in the Almere Area and offers you and your family an interesting mix of informative and social events.

In addition the Almere Area represents a new, young and ambitious part of the Netherlands with a strong focus on international business. The World Trade Center Almere Area (WTCAA) runs five international programs to facilitate this.

Contact details:

Location: WTC Carlton Tower (2nd floor)
